IN DRAFTING
PROPOSALS FOR
FUNDED RESEARCH**

OVERVIEW

The National Faculty Development programme "Capacity Building in Drafting Proposals for Funded Research" is an initiative of the Teresian Research and Consultancy Cell (TRACC) of St. Teresa's College. It is conducted in collaboration with Guru Angad Dev Teaching Learning Centre of MHRD, Under the Scheme of Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMMNTT)

The FDP is designed as an impactful skill development programme that would equip young teachers and research scholars to contribute effectively towards action research. The main focus of the FDP is to explore the possibilities of securing funded research that will unlock several constructive possibilities for teachers to pursue creative research and design new knowledge in diverse domains. It aims to enhance the capabilities of teachers to address the plethora of demands placed by the evolving new knowledge and bridging the gap between research and education which is the focal point of the New Education Policy. Following on the policies of NEP, this programme emphasizes real world application oriented education and research, thus erasing the boundaries of various disciplines. Our focus is on strategic and interdisciplinary research that creates research leadership in innovative domains that enhance the development of research partnerships around the world.

TOPICS DISCUSSED AND ACTIVITIES

NEW EDUCATION POLICY & ACADEMIC RESEARCH

AN OVERVIEW OF RULES & REGULATIONS PERTAINING TO FUNDED PROPOSALS

HOW TO DRAFT WINNING PROPOSALS - DRAFTING & SCALING OF PROPOSALS

INNOVATION IN RESEARCH
