

Placement for the academic year - 2014-15

St. Philomena's College is very popular in the corporate circle for recruiting fresh talent and this year we've had the likes of Wipro Technologies, Concentrix, SysInformation, Mphasis. Nine of our students got selected in Wipro Technologies, Practitioners for voice process in Concentrix, Four in Infosys, Sixteen of them got shortlisted in SysInformation Healthcare Pvt. Ltd., two as Probationary clerks in South Indian Bank, seven as English Language Trainers in Goan Institute of Communicative English. We are hopeful that a few more companies who are expected this season will hire more talented, dedicated candidates from our campus who will prove to be an asset for the respective organizations.
