

**INTERNATIONAL WEBINAR  
ON  
'PHARMACEUTICAL  
CHEMISTRY & INTELLECTUAL  
PROPERTY RIGHTS'  
(PCIPR)**

**7<sup>th</sup> – 9<sup>th</sup> January, 2021**

**Organised By**

**DEPARTMENT OF CHEMISTRY  
ST. PHILOMENA'S COLLEGE  
(AUTONOMOUS), MYSORE-15**

**In Collaboration with**

**Visvesvaraya Trade  
Promotional Centre (VTTC),  
Under the aegis of  
Department of Industries and  
Commerce, Government of  
Karnataka, Bengaluru, India**

**Background:**

As we look back, the year 2020 has been a challenging year. The COVID-19, the deadliest global pandemic has not only dramatically changed the way we live, but also forced people to adapt to new realities. It has untapped the human spirit of bouncing back at times of crisis.

The webinar on 'Pharmaceutical chemistry and Intellectual property rights' emphasizes on broader goal of drug discovery and optimization. The event aims to expand and integrate knowledge by providing insights into the latest developments and innovations in the field of medicinal and pharmaceutical chemistry. It also covers a critically important session on IPR. IPR is a prerequisite for pharmacy companies for identification, planning, commercialization, and protection of invention. Hence the webinar is aimed to create first level IPR awareness among the teachers, students, research scholars and young intellectuals about the beneficial aspects of patenting their creative and novel ideas, inventions etc.

The internationally acclaimed scientists from Sweden and London are invited to deliver lecturers on various fields of medicinal chemistry/ pharmaceutical chemistry.

Their focus areas are:

- Role of fluorine compounds in medicinal and pharmaceutical chemistry
- Drug –metabolism
- Intellectual property rights
- Challenges faced by COVID-19 front line warriors
