

7th Convocation - Alumni Feedback

The IQAC team of the institution has collected feedback on curriculum from all stakeholders as part of quality monitoring and quality assurance practices implemented in the institution. Feedback is usually collected during the final exam or after the final exam or during convocation session. Alumni feedback was collected on convocation day. The feedback link is also available in the website and all stakeholders are encouraged to fill in the feedback form.

Here the feedback given by Alumni of the college on curriculum was presented. The data collected by using questionnaire which contains 10 components of curriculum aspects. So collected data were analyzed by using the SPSS software and the result was reviewed by the IQAC team. Remarks, action taken report, and recommendations are prepared and forwarded to the management which is in turn forwarded to relevant stakeholders.

The following is the analysis of number of responses per question. Based on mean value of each questions, action and recommendations were made.

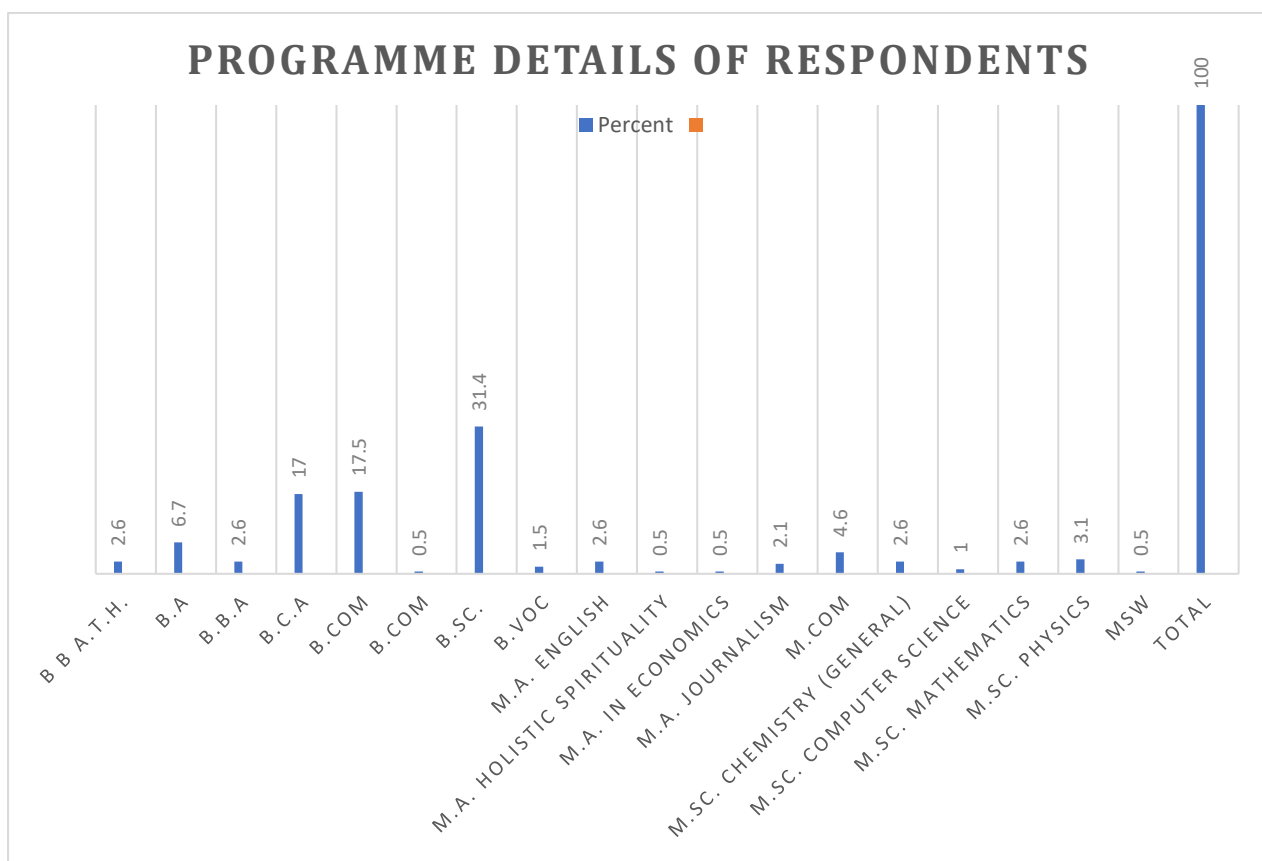

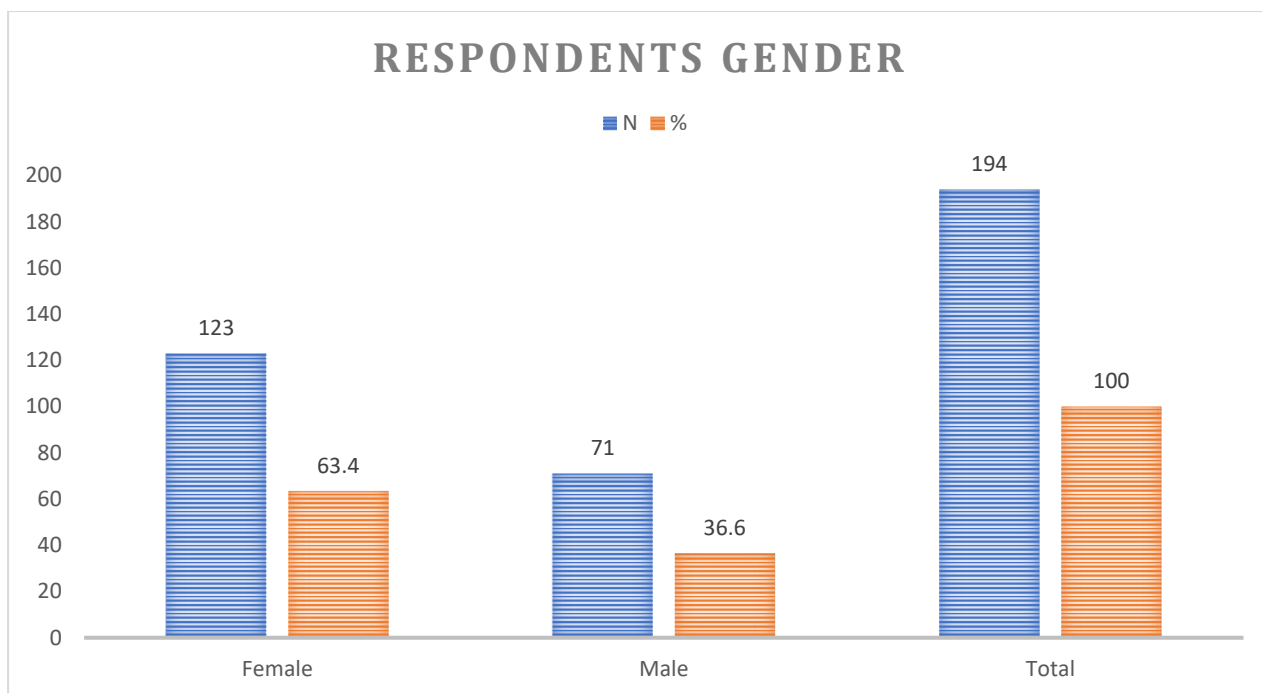

Mean score:

The IQAC team has analyzed the overall responses and the average score per question. In order to achieve this, responses for each question was collected in a scale of 1-5, with 5 being the Excellent and 1 being not satisfactory. The average score was calculated over total responses collected over time for all the programs and it was analyzed by using the SPSS software.

Majairy of students, after their graduations gone for higher studies.

During collecting feedback from alumni, IQAC is also collected suggestions and other feedback and the response was presented below.

Feedback/Suggestions

More practical oriented practices must be included / Activity based curriculum should be included in the curriculum/ Bring more innovative ideas for students/ Can include more recent developments and carrier-oriented syllabus/ Can make intelligence test and arithmetic test as a syllabus or optional studies/ Can improve the teaching method still more effectively/ Kindly, update the syllabus as per the demand of job market/ Subjects must be given practical significance more than theory, educational trips should be organised by management./ Introduce some topics on application of science and technology which use for life and as well as future job

Availability of more syllabus-based books in the library/ Extend some more time to libraries/ Extending library hours and even Sunday/ Please ask us to go to library and read many books from there because I was not knowing anything about computer science but library got me gold medal/ To have a separate library hour in the timetable

Lab equipment should have to improved

Improve the sports facilities

More opportunities for research should begin from UG level. When we go out from the institution and comparing ourselves with others, students from our college are less exposed to research works, review works, publishing articles, book chapters etc. This would enhance our prospect.

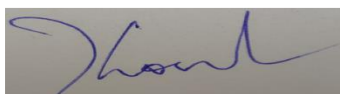

Conclusion

Feedback analysis and action taken report prepared by the IQAC is a regular quality monitoring and quality assurance activity of the IQAC team of the institution. Feedback is collected every year reports are analyzed.

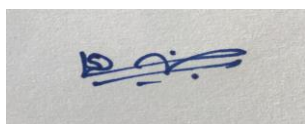

The recommendations are also reviewed and appropriate actions are taken. The actions taken are noted in the IQAC Annual Quality Assurance Report and submitted in the yearly reports.

In case there is any recommendation that requires detailed planning and effort to implement, the same is noted in the Plan of Action of IQAC for the subsequent year in the AQAR.

The activities are monitored and outcome is mentioned in the Actions Taken in the next year AQAR.
