Minutes of the meeting

The Chairman Prof. clother Dronza welcomed the members and introduced the new members (De Tula: Mamourath, De Carobone Cutanha, De Donin Dronza and Mr. Agnes Anthony). He also thanked the members who completed the Virm (Javed Naguem, De Sushma Apparath, Prof. Mary P. Knuvan and Mr. Konald Prakash Cuhnho).

Agenda 2: To affrow He syllabus, where of teaching and Examination

The chairman laking of the sullabor was sent to them

members that the copy of the syllabor was sent to them

for their suggestion and also placed the hord copy before the

Bos, cheurman explained to the Bos the about the modification

that has been included.

In the existing syllabors there is no provision for the students to take up higher studies in Brochemology and Microbiology and also in the city of Mynore no other college is offering MVoc in Health care Technology, beeying in mind the students interest Brochemology and Mirob dogy have been included in all the 6 sem to give an offerfunity for these students to take up higher studies in these subjects

sector that is to be implemented uniformally all over India for the B. Voc pregnamme. At fee their directions, the students must be browned for phlebolomy lechnique during their set year, and as Medical Lab lechnique during their 2 mobilers and in their final year they must shidy the Blood Bank Mechanology and Histofako Logy I their 5th and 6th Sem respectively.

bransian às made de oft draide like (a) Neurotechnology (b) Cardrae Care Technology, (c) Internse Care Unob (d) C85) (e) Radiology (Note: I braid to be ofted from 3rd sem upto 6th sem) d) In the forevious syllabore there was no provision for a student to learn theory fact of their traid they were only undergoing Iraining in the hospital and were assessed unde the francial component. In the newsed syllabore, the bronsion is made for theory and brack cal distribution of the marks for Evaluation is given in the syllabus. et he question falser fattern was also placed before the committee and so for the committee and so for the state of the committee and the committ f) The grevised syllabor to be implemented for the students studying in the and and 3rd year to make them Eligible for higher studies in Brochemistry and Missobiology The chairman sought the opman of the members. Dr. Anjal Arun thanked the chairman for giving a components with a strong throwbeal buffest and it could be imple mented without any modification and could be extended for singer too. Rev. L. Leslie Morar suggested, some il a HET bl a fort of nursing and braining all necessory while they enter the hospital to this newsing and on life skille must be included to make the syllabor scomplete was his opinion. Members gave the approval of the syllebus and all modifications which have been explained from the sub-division Occision approved Agendad: To neview and af prove negulation of B. Voc CACI)

charaman filred the modified ny relations to be imment of the nevised syllating. Ocusion approved to the poly to the same of

		Vinutes	of the Meeting	

the Virlial meeting and expressed the inentiable situation for not being able to meet an besson due to the fourent covid bundemic forevaliling on the country. The new University Nominee member Dr. Herma . H. P. Medreal Officer was introduced to the members. The following agenda nece discussed.

Agenda 1: To approve the modifications made in the existing Curriculum Taking the 1st agenda the chairbeson informed the members that the soft copy of the nevised curriculum was mailed

to the members and also communicated the same over by calling them fersonally with a nequest to mail their suggestions Al copy of the same was stored on their computer I serien during the durins on Dr. Cletus Diougn and Dr. Carolone Culmha had suggested few changes which were included in the final drope which was shorted with the members the chargers in infolmable members that the Cuerculum is revised as few tick of guidelies beging in mind the assistment of the students by the sector shot lound (SSC) for Health core sector. The chargers also briefed on the following modifications.

Modifications in the First Semester

			M		s in the First Semester	
100				Title of	the paper: Anatomy	
		Unit	Sub-unit	Existing	Addition made	Justification
	9 9	1	1.1	No changes made	Location of the organs in human body	It was not included earlier, this will help them to understand the human organ system.
				Title of	the paper: Physiology	
		Unit	Sub-unit	Existing	Addition	Justification
	182	2	2.2	No changes made	Proteins and lipoproteins	This information is required in several other papers as well as practicals
	J.	4		No changes made	Practical- Clotting time and Prothrombin time	This is an important test in clinical chemistry
1				Title of th	e paper: Biochemistry I	
-	-	Unit	Sub-unit	Existing	Addition made	Justification

				chinear chemistry
		Title of the	e paper: Biochemistry I	
Unit	Sub-unit	Existing	Addition made	Justification
2	2.5.3	No changes made	Activation of pH electrodes	Maintenance of equipment is an
				integral part of laboratory training

		Title of the	paper: Microbiology -I			
Unit	Sub-unit	Existing	Addition made	Justification		
1	1.2	No changes made	Electron Microscopy: SEM & TEM	To study the working principle of the two electron microscopes		
5	-	No changes made	Practical- Preparation of Chromic acid and its uses	To learn about the removal of stains		
		Title of the pan	er: Phlebotomy Technology	from the glass wares in a microbiology laboratory		
Unit	Sub-unit	Existing	Addition made	Justification		
2	2.1	No changes made	Composition of blood- Plasma and its functions, serum, cells, proteins, ions, RBC, WBC and proteins	Incorporated as per NSDC guidelines		
2	2.2	No changes made	Haemostasis- Blood coagulation, hemophilia			
4	4.1	No changes made	Patient preparations- Questions to be asked, calming the patient, preparations, drawing blood asic Mathematics & Bio stati			
Unit 3	Sub-unit	No changes made	Addition made Mean from grouped data	Included to learn		
5	5.1	No changes made	Levy-Jennings plot	the statistical data	a	
	M	odifications	in the Second Semes	ter		
		Title of the	paper: Biochemistry II		1	
Unit	Sub-unit	Existing	Addition made	Justification		
1	-	No changes made	Practical -Estimation of Vitamin C	component	a of	
7	-	No changes made No changes made	Practical - Calibration o	f	he	
		made	Sweetness of artificial sweetener (Jam)			

-		Title of the	paper: Microbiology-II	Justification
	I o t male	Section	Addition	
Unit 1	Sub-unit	No changes made	Practical -General Procedure for isolation and identification of Bacteria	Basic techniques used in identification of
2	-	No changes made	Practical -Cultural Characteristics of microorganism	Microorganisms. Since identification plays a prime role
3	•	No changes made	Practical -Citrate Utilization test, Oxidase test, Indole, catalase, coagulase test, TSI, Urea hydrolysis	in Microbiology.
4	-	No changes made	Practical -Study of Fungi- isolation and Identification of <i>C. albicans</i> , <i>Aspergillus</i> and <i>Rhizopus</i>	

Modifications in the third Semester							
		Title of the	paper: Biochemistry III				
Unit	Sub-unit	Existing	Addition made	Justification			
6	-	No changes made	Practical - Estimation of SGPT, SGOT and LDH	Part of many organ function tests			
e library		Title of the	paper: Neurotechnology -I				
Unit	Sub-unit	Existing	Addition made	Justification			
1-8		Yes	Revised and re-arranged with topics related to Neuroanatomy	To give more clarity to the industry partners to train the students			

Unit	Sub-unit	Existing	Addition made	Justification
1-7		Yes	Revised and re-arranged with topics related to Neurophysiology with seven units	clarity to the

		N	Aodification	is in the fifth Semester	
-			Title of the	paper: Biochemistry VI	
-	Unit	Sub-unit	Existing	Addition made	Justification
